

ANTIBAC HAND CLEANER - H

Introduction

This is a viscous, clear liquid for use in soap dispensers. It contains a dual chain QAC as the anti-bacterial agent, thickener and surfactant and is ideally used in hospitals, veterinary clinics, kitchens and food factories, etc.

Advantages

- Ideal for use in dispensers
- Effective in hard / soft water
- Disinfects
- Biodegradable
- Leaves hands feeling soft
- Economical

Method of Application

This product should be used as is, preferably through a dispensing unit. Use approximately 5-10ml per application. Allow 5 minutes contact time, rub into hands well to form a lather, and rinse thoroughly with clean water.
