

NEUTRAL CLEAN - H

Introduction

Neutral Clean-H is a scientific blend of both non-ionic and ionic surfactants to give maximum cleaning ability. It has a high foaming value and is free rinsing.

Advantages

- Highly concentrated
- Excellent rinsing
- Gentle on skin
- Can be used at many varying dilutions
- PH neutral
- **SABS 1828 MARK BEARING**

Physical Properties

Colour:	Clear light amber
Viscosity:	Viscous
S.G:	1.05
Flash Point:	None
Bio-degradable:	Totally
PH:	Neutral 6.5-9.0

Methods of Application

Neutral Clean-H is an absolute general purpose cleaner. Anything that can be cleaned with water may be cleaned with Neutral Clean-H. For general cleaning, use the minimum amount. Too much foam can hinder the cleaning process. This product may be used for cleaning walls, floors, carpets, overalls etc.

- a) For light duty cleaning dilute 1:200
- b) For medium duty: 1:100
- c) For heavy duty: 1:50

Toxicology and First Aid

This is an environmentally friendly product and can therefore be handled completely without fear of contamination, poisoning or skin irritation. If swallowed drink an excess of milk and water and induce vomiting.

The recommendations herein are based on laboratory tests and in field use experiments. To the best of our knowledge these are accurate and since conditions of actual use are beyond our control, all recommendations are made without any warranty whatsoever.
