

## Pineland Environmental Technology (Pty) Ltd

### **POWERCLEAN**

#### **INTRODUCTION:**

This is a top of the range solvent type cleaner. It has been designed for very dirty surfaces containing grease, oils and stubborn dirt. Solvents generally loosen and remove a different type of soiling compared to detergents. Powerclean is a powerful solvent degreaser. If ever in doubt which product to recommend for a job – always choose Powerclean. Powerclean complies well above all SABS 1344 requirements.

#### **ADVANTAGES:**

- Excellent dirt removal qualities
- Effective on grease and oil
- Biodegradable and environmentally friendly
- Free rinsing
- Long shelf life

#### **METHODS OF APPLICATION:**

We recommend the following dilutions:

**HEAVY DUTY:** Dilute 1:10 with water, Ideally used on heavy oils such as grease, oils and other stubborn dirt from floors, walls, driveways, etc.

**MEDIUM DUTY:** Dilute 1:40-100 with water. Perfect for use in the house and in the factory for cleaning cars, floors, kitchens, bathrooms, etc

**LIGHT DUTY:** Dilute 1:200-400 with water. Ideally used for washing lightly soiled areas e.g. Windows, floors, etc

#### **PHYSICAL PROPERTIES:**

Colour	:	Green or Blue
Odour	:	Solvent
pH	:	11-12.5
Viscosity	:	Like water
Appearance	:	Thin liquid
S.G.	:	1.03
Emulsifiable	:	Complies to SABS 1344

## **TOXICOLOGY & FIRST AID:**

This is an environmentally friendly product and can therefore be handled completely without fear of contamination, poisoning or skin irritation. If swallowed, drink excess of water.

The recommendations are based on laboratory tests and in field use experiments. To the best of our knowledge these are accurate and since conditions of actual use are beyond our control, all recommendations are made without any warranty whatsoever.
